

## HARMONISED ALLOCATION RULES NOTICE OF GO-LIVE 1 JULY 2016

IFA is pleased to confirm 1 July 2016 as the Go-Live date for the Harmonised Allocations Rules version 1 (HARs v1).

HARs have been developed as part of the drive to harmonise the Allocation Rules across the EU. Under these arrangements, IFA long term capacity allocation will cease to be governed under the IFA Access Rules v9 and will be administered under the pan-European HARs v1. As such the Contractual structure has changed to reflect that IFA long term capacity allocation will be governed by the HARs v1 (including Annex 14), and the allocation of daily and intraday capacity and the nominations procedures for all timescales will be governed under IFA Access Rules v10.
